Vocabulary and Grammar

A critical component that measures students' grasp of essential vocabulary and grammatical structures introduced at the beginner level. Tasks may include gap-filling exercises, sentence correction, or matching words to images.

Speaking and Pronunciation

Though often conducted informally, some versions of the test incorporate oral assessments where students respond to prompts, introduce themselves, or participate in guided conversations. Pronunciation accuracy and fluency are also observed.

Writing Skills

In some cases, the test includes a short writing task, such as filling out personal information, writing simple sentences, or composing brief responses to prompts.
